This meeting was much belied

and inspired from the words spoken by William J. Clearer and Olice M. Down The fact that this meeting is the heart of our Society was made plain Our responsibility was the key note struck by William J. Clearer and he also made clear that our responsibility need not make us fear for we have an unfailing supply of resources in our Heavenly Father.

alice M. Dow gave us a glimpse of the past, of the rich heritage which is ours, she pointed out that God desires to bless us abundantly, but it is important that we realize our need.

Many prayers were offered which were true petitions and we felt the uplift of the Spirit. We could say like Peter. "Master, it is good for us to be here".

We adjourned much encouraged and full of hope for the future.

When people realize me come to Meeting to worship God, and will come in the spirit of worship, milte one purpose and that is to meet Him they will not go away disappointed. I tease who know how to evorship alone, receive greater blessing by worshipping in groups than those who were worship alone. James says " Draw night to God and He will draw night to you! and Paul says He is a rewarder of them when

The gueries we read and insidered, followed by a prayer by the clerk, asking for greater guidance of the Holy Spirit in our daily lives. The clerk gave out a few that opics of the handlook for elders and overseers.

Ohvir Frager emphasized Jesus' teaching that we must love, not just part of the time, but all of the time. We have no right to indulge in hate at any time. If we should continue to study the sermon on the Mount, we would find fresh revelations which would makes us far better disciples of Christ as the book of Jude states, we should keep whether in the love of God, til, as Christ showed us the example, we can sincerely pray for our enemies. Oliver Frager wiges that we continue

to make a distinctive contribution, as Friends, to the Christianity of the world.

agnes W. Harrison urges that we keep the windows of the eoul clean, as we do own automobile windshields. We cannot have this clearness, if we harbor resentment in our souls. When we forgive others, the peace of god will dwell in our own hearts. We appreciate the presence of James Coney, who expressed a concern for the contimuance of the ministry. London party Mtg., some years ago, decided to no longer record ministers, nor to continue these already recorded. But recently T. Edmind Harry of London yearly Mtg. stated that he think it was perhaps a mistake. The ministry tras been weakened, and, apparently, it to then partly due to the lack of sesponsibility get for such ministry, since it is everybody's business, and therefore notody's business. New England is having a smaller und smaller number of resident ministers. One we in danger like the Florida Ave meeting in Washington DC. of bearing sprittally started to lake of real

When one of the workers was asked if a financial campaign would be held, The answer was given that - because people are giving so continuously of both : lothing and money - no such campaign is recessary.
